

PRISONS CHRONICLE

(Telangana Prisons - Transforming Lives)

(Volume-I, Issue-I JANUARY 2025)

Telangana Prisons Department

Custody With Care

Message from DG Prisons &CS, Telangana

I am delighted to introduce the first issue the Telangana of Prison Department's Prisons Chronicle. This initiative aims to bridge new communication, share updates, and efforts of showcase the prison personnel towards 'Transforming Lives' in correctional practices. This Prisons Chronicle will keep our prison personnel informed about ongoing developments and the future direction of our department, as well as provide insights into parts of the Criminal Justice System, including inmates and their families.

Assuming the position of Director General of Prisons and Correctional Services on December 23, 2023, has been both a great honor and a tremendous responsibility

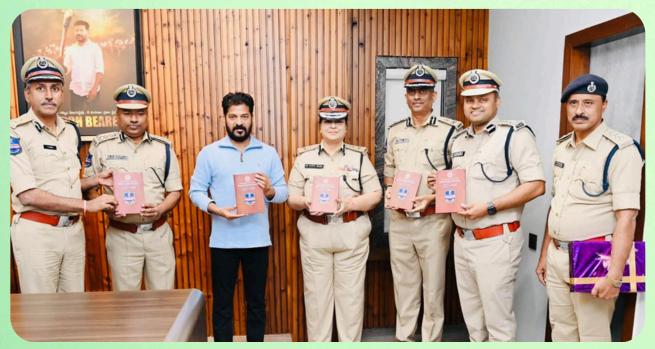

As I step into this role, my primary goal is to collaborate closely with the dedicated teams across the State to build and strengthen a correctional services system that is recognized as one of the best in the country, and aligned with global standards. This vision is rooted in the core principles of the 3R's – Reformation, Rehabilitation, and Reintegration – which will guide all our efforts.

A key focus will be on the welfare and empowerment of women prisoners, ensuring that they receive the necessary support and training to rebuild their lives and stand on their own feet once they reintegrate into society. We are committed to providing these Inmates with essential skills, not only to equip them for life after release from prison but also to ensure that they have the tools to lead independent, productive, and fulfilling lives. Through a comprehensive approach, we aim to offer opportunities for personal growth, promote a safe and supportive environment, and help break the cycle of reoffending, ensuring that every individual is treated with dignity and respect throughout their journey of reformation and rehabilitation.
